Linda,

Attached is HSCD's briefing paper on EPA's role in the Charleston Chemical Spill.

Please let me know if you have any questions.

Thanks,

Ken

Subject: URGENT REQUEST BUDGET PAPERS

Good afternoon, I have an urgent request. We have been asked to get hot issue papers for Congressional Budget hearings for House Energy, Senate Approps, House Approps and Senate Envi and Public works committees to HQ by Wednesday morning. Therefore we need to have papers for Shawn's review on Tuesday afternoon. **So we need to ask Divisions to update or produce hot issue papers by Tuesday at 2pm.** Liaisons have a scheduled meeting to do final review at 2PM but please feel free to reach out to liaisons as they are drafted.

Below is the list of Budget papers we need. In order to assist process, I am including old papers where available (renamed to avoid confusion?). Where there are new papers I am including a blank template file. PLEASE RENAME WITH DATE AS YOU SUBMIT and please double check I changed dates of funding to **fy 13 enacted fy 14 enacted and and fy 14 pres bud.** Here is the list..... templates attached.

THANK YOU!!!

CBP coordination with WPD

- Chesapeake Bay Agreement – What is the status of Chesapeake Bay Agreement?
Regionwide

New paper template attached

- Chesapeake Bay State of the Bay and Restoration Progress *Regionwide*
